Allowable Subject Matter

1. Claim 1-17 and 19-20 allowed.
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claim 18 recites the limitation "The method of claim 16". There is insufficient antecedent basis for this limitation in the claim. Claim 16 is directed toward a "computer program product" and it is not clear that anything in the claim refers to a method. Therefore, this feature is merely considered a typographical error. However, the feature must be clarified to ensure that proper claim dependency exists.
4. Claim 18 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Chavis whose telephone number is (571) 272-3720. The examiner can normally be reached on M-F, 9:00am-5:30pm, EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lewis Bullock can be reached on (571) 272-3759. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
